

Brumback Library Standards for Public Behavior

All persons are welcome in the Library. The Brumback Library seeks to set standards of behavior that conform to the standards of the local community for public places and that support the mission of the Library. These standards ensure the greatest access to the greatest number of people; and assure the safety of library users, library staff, and library resources by spelling out specific behaviors that are not acceptable in the Brumback Library or on its property and applies to all Brumback Library locations.

The Brumback Library Board reserves the right to eject from the library and to refuse admission to those individuals who violate the rights of the staff or library users, or who create disorder while on library property. The Board empowers library staff with the authority to take specific actions when problem behaviors occur. Staff may call for police assistance to remedy the situation. Repeated violators and those who refuse to leave will be subject to arrest and prosecution.
